#7 Balm Verde S02E03 Aug. 6, 2013 Description: A female wrestler is lured into a life of luxury, becoming a symbol of success for the local gym. But all that wealth has blinded her to the outside world; she needs a reminder that she has needs. Guest Cast: Kyle Patrick Episode Description: It's a challenge for the guys at the gym to keep the angry warhog from becoming a symbol of success for their gym, but Will tries to convince him that the female wrestler is just a wrestling camp for kids. MOCK #2 Use the links on this page to see the video set "Thicker than Water" released on July 26, 2013. MOCK #3 MOCK #4 The most complete series' list. Original air date: Ongoing Video Runtime: 8 min 33 sec Ratings: Viewership This episode has been viewed 2,227 times since July 5th, 2013. 15,285 Total Rank: You can help improve the chart by adding new shows to the TV Shows category. This channel can only be added once. Composite sternoclavicular screw fixation: a retrospective evaluation of 59 consecutive cases. Composite sternoclavicular screw fixation has been used to treat unstable sternoclavicular joint injuries in some trauma centers. This study presents a review of the technique, indications, and results of this treatment. A total of 59 patients treated with composite sternoclavicular fixation was reviewed. Patients included 43 men and 16 women with a mean age of 39 years. A composite screw and lag screw was used for all patients. The mean follow-up period was 33 months (range, 6-102 months). The evaluation included clinical and radiographic evaluation of Union and stability of the sternoclavicular joint. At the latest follow-up examination, 47 patients were pain free, 2 had mild residual pain, and 10 had moderate to severe residual pain. None had neurologic sequelae. According to Risser and Beals classification, the results were excellent in 5 patients, good in 50, fair in 3, and poor in 1. Although this technique is technically demanding and requires adequate screw length and suitable bone in the posterior sternoclavicular joint, this treatment is an effective option for the unstable sternoclavicular joint injury 82157476af
